EDUCATION

Bachelor in computer 2021
Application

Yashwantrao Chavan Open University

SKILLS

BACKEND AND DATABASE

Java
Spring
Spring Boot
Spring Data JPA
Mysql
MongoDB

FRONTEND

Angular (Basic)
React (Basic)

OPERATION

Git
GitLab
Docker
Jenkins
Aws
Azure

TESTING AND AUTOMATION

Groovy Spock
Selenium
Cucumber

ABOUT ME

Detail-oriented, organised and meticulous employee, had industry experience with 1.9 years. Works at fast pace to meet tight deadlines. Enthusiastic team player ready to contribute to company success. Experienced developing applications, databases and cloud computing solutions. Smart professional with proven troubleshooting and debugging capabilities for resolving complex technical issues.

WORK EXPERIENCE

SOFTWARE ENGINEER

May 2024 - Current

AGILE SOFT SYSTEMS INC - PUNE

Summary

Leveraged learnings from a U.S. client project to develop a web-based school event management system. Utilized a full-stack approach:

Backend Development (Java): Independently completed assigned backend stories, ensuring system functionality and data integrity.

Frontend Fundamentals (Angular): Gained a solid understanding of Angular for UI development through project exposure.

Database Management (MongoDB): Effectively stored and retrieved data using MongoDB for the backend.

Testing Expertise: Implemented unit tests with Groovy and UI tests with Jasmine and Karma also know about Selenium and Cucumber Automation testing.

Version Control & DevOps: Collaborated on a Git repository and utilized Azure Pipelines for automated builds and deployments. Learned Docker, Jenkins, and GitLab pipeline configurations independently.

P.T.O.

WORK EXPERIENCE

SOFTWARE ENGINEER TRAINEE September 2023 -
AGILE SOFT SYSTEMS INC - PUNE May 2024

Summary

Highly motivated and eager Software Developer Trainee seeking to leverage a strong computer science foundation for hands-on industry experience. Quick learner with a passion for coding and a dedication to industry best practices.

Key Achievements

Technical Skills Development: Diligently learned and grasped core principles of Java programming. Gained a thorough understanding of Spring framework, Spring Boot, Hibernate, Spring Data JPA, and MySQL database.

Project Involvement: Actively participated in ongoing software development projects under senior developer guidance. Assisted with coding tasks, unit testing, and bug fixing, contributing to the overall project success. Gained progressive experience in various stages of the software development lifecycle.

Agile Methodology: Developed a solid understanding of the Agile development methodology, including principles, practices, and workflows.

Industry Standards: Learned and adhered to industry best practices for software development, coding standards, and version control systems.
